SUMMARY

Dynamic cybersecurity professional with hands-on experience as a Cybersecurity Intern at Beginner, adept at network monitoring and security protocols. Proven ability to identify threats and implement effective countermeasures while excelling in problem identification and time management. Committed to continuous learning and enhancing team performance through innovative solutions. Resourceful Vulnerability Assessment and Penetration Tester known for productivity and efficiency in identifying security vulnerabilities and implementing preventative strategies. Possess specialized skills in ethical hacking, network security protocols, and risk management. Excel in problem-solving, critical thinking, and communication, ensuring seamless collaboration with teams to enhance system security robustly.

Highly competent Network Test Engineer with relevant experience in designing, implementing, and troubleshooting network systems. Proficient in working with a variety of testing tools and methodologies to ensure optimal network performance. Strengths include strong analytical skills, problem-solving abilities, and knowledge of network architectures. Previously made significant impacts on improving network efficiency and reducing downtime incidents at previous positions.

SKILLS

- Cybersecurity fundamentals
- Ethical hacking
- Web application security
- Network monitoring
- VAPT
- Kali linux
- Wireshark
- Nmap
- Metasploit
- Problem solving
- Security protocols
- Problem identification
- Time management
- Research
- MS office
- Canva
- Multitasking Abilities
- Networking
- Basic math
- Analytical and critical thinking
- Data management
- Vulnerability assessment

EXPERIENCE

INTERMEDIATE

Amritsar , Punjab

- Burp Suite** 06/2024 to Current
- Completed day-to-day duties accurately and efficiently.
 - Worked with cross-functional teams to achieve goals.
 - Maintained updated knowledge through continuing education and advanced training.

PARTICIPANT

Amritsar , Punjab

- Reallife hackathon** 03/2025 to 03/2025
- Completed day-to-day duties accurately and efficiently.
 - Contributed innovative ideas and solutions to enhance team performance and outcomes.
 - Provided excellent service and attention to customers when face-to-face or through phone conversations.
 - Worked with cross-functional teams to achieve goals.
 - Maintained updated knowledge through continuing education and advanced training.
 - Completed routine maintenance and repair.

BEGINNER

Amritsar , Punjab

- Cybersecurity Intern** 03/2024 to 05/2024
- Assisted in monitoring security alerts and identifying potential threats.
 - Supported the team in configuring security tools and software applications.
 - Updated internal documentation on security protocols and best practices.
 - Helped prepare reports summarizing security incidents and actions taken.
 - Engaged in training sessions to enhance knowledge of cybersecurity principles.
 - Researched emerging trends in cybersecurity threats, risks, and countermeasures.
 - Monitored network traffic for malicious or unauthorized activity.
 - Performed regular system scans to detect potential cyber-attacks and intrusions.
 - Analyzed log files for suspicious activities related to cybersecurity events.
 - Participated in vulnerability assessments and penetration testing to identify system weaknesses.
 - Assisted in developing and delivering cybersecurity awareness training for employees.
 - Used penetration testing tools to identify weaknesses in security systems.
 - Analyzed system risk to identify and implement appropriate security countermeasures.
 - Conducted research on emerging cybersecurity trends and technologies.

EDUCATION AND TRAINING

- BACHELOR OF TECHNOLOGY: CYBER SECURITY** 03/2024
Pregrad Institute , Utter Pradesh
- BACHELOR OF TECHNOLOGY: CSE**
Amritsar Group of Colleges , Amritsar , Punjab
